

CORONAVIRUS COVID-19 CLINIC PROTOCOL

For the safety of both patients and practitioner, and to adhere to social distancing rules, please adopt this protocol when visiting the clinic.

- If you or anyone you have had contact with has tested positive for COVID-19 or experienced any symptoms (persistent cough, high temperature or loss of smell/taste) within the last 14 days, please do not attend and contact me to reschedule your appointment.
- Fewer patients are being seen each day to allow for thorough cleaning between patients, and to ensure social distancing is maintained.
- Arrive no earlier than 5 minutes prior to your appointment time to minimise contact in the waiting room.
- If a car is occupying the other allocated parking space, consider waiting in your car until the previous patient is safely in their car before coming up the steps to the clinic, to avoid crossing on the stairs.
- Please wear a face covering whilst in the clinic. If you do not have one we are able to supply one for an additional cost of £1 each.
- Please use the hand sanitiser provided in the waiting room prior to entering the treatment room.
- Please bring a pen with you so you can write your own appointment card or complete any necessary paperwork.
- Once your treatment is completed, again please use the hand sanitiser in the waiting room prior to leaving the clinic.

All of these measures are designed to keep everyone safe and well.

Thank you
